

SSGOA - Summit Senior Golf - 2025 Player / Division

iCap (index) cutoffs by Division: A up to 13.7, B 13.8 – 19.6, C 19.7 & over

iCap (index) calculated using up to 10 scores, see matrix directly below that shows how many scores are used

Players can move up 1 Division to play tournaments, from B to A or from C to B, but only if their partner is already in the higher Division based on iCap cutoffs. This means that a C Division player cannot move up to play in the A Division.

Players cannot move back to a lower Division once they have played a tournament in the higher Division.

Your course handicap will vary for each tournament, based on the slope and course rating of the tees being played. Course handicaps will be used for team flighting and corresponding point quotas.

How iCap (internet handicap) is calculated

Percent % figure

Number of scores iCap based on

Minimum number of scores needed before an iCap can be calculated

Number of scores a golfer has available to calculate an iCap	Discard highest	Discard lowest
